We want to make understanding this document as easy as possible, so we have explained the insurance words and expressions used in your policy

In this document, the following words and expressions have been used. We have given a short description of what these terms mean, so that you have a better understanding.

Administrator

The administrator is Oneplan Underwriting Managers (Pty) Ltd, an authorised Insurer and Financial Services Provider FSP (43628).

Admission

This is the admittance of your pet to a veterinary facility for medically justifiable treatment related to an illness or injury.

Accident

This is a sudden, unforeseen, unintended event that leads to the injury of your pet that requires immediate medical attention. Injury due to an underlying degenerative disorder or trauma that occurs over time is not considered accidental. E.g., the action of another animal like a snake bite or dog fight, or a fall resulting in a broken bone will be covered, but not a wound caused by obsessive licking.

Authenticated collections

This is a mandated type of debit order that allows a user to confirm the details of a contract with their bank before the debit order is processed.

Behavioural conditions

This is any change to the insured pet's normal behaviour resulting from a mental or emotional disorder as diagnosed by a vet (not covered under this policy), e.g., aggression.

Clinical signs/symptoms

This means any changes to your pet's normal healthy state, behaviour, or bodily functions. These could be associated with

[Click here to Contents >](#)

an illness and may be regarded as evidence of the existence of that illness, e.g., diarrhea, limping, eating/ drinking more or less than usual.

Complementary treatment

This is alternative treatment including, but not limited to, physiotherapy, hydrotherapy, homeopathy, acupuncture, chiropractic, and rehabilitation therapy (not covered under this policy).

Congenital

This is an illness or physical abnormality existing at birth or manifesting within the first month of life, e.g., a heart defect or cleft lip.

Excess

This is the first amount that you must pay once your claim has been approved and settled. The amount depends on the claim type and is indicated in your schedule and deducted from the benefit paid out to you in case of a claim.

Exclusions

This refers to any conditions or illnesses that are excluded for a period, as detailed in this document and your schedule.

Hereditary

This means a condition that has been passed down from your pet's parents, which may present with symptoms during any stage of their life. It may be due to their breed being predisposed to that specific condition, e.g., hip or elbow dysplasia in large dogs, breathing difficulties in flat-faced dogs or back problems in dachshunds.

Illness

This is any unforeseen sickness or disease, which is not caused by injury, e.g., diabetes, gastroenteritis or cancer.

Inception date

This is the date on which your policy first becomes active.

[Click here to Contents >](#)

This will always fall on the first day of a calendar month and commences from the first successful collection of the debit order.

Injury

This is any physical injury caused to your pet by an unforeseen event or accident, e.g., a broken bone, cuts, burns, bites or stings.

Insured pet owner

This is the natural person who has applied to insure a pet and who has been accepted by the insurer and whose policy premiums are paid and up to date. The insured pet owner must be older than 18 years of age.

Month

For this contract, a month means one full calendar month commencing on the first day of each month.

Pet

This is a domestic dog or cat older than eight (8) weeks and younger than nine (9) years at the time of the application for insurance (except the Emergency Plan where no maximum age limit applies), whom the pet's owner has applied for to be insured, and whose name and description is reflected on the policy schedule.

Pre-existing condition

This is a medical condition or injury that was diagnosed or presented clinical signs prior to this policy's inception date, or during the waiting period whether it was known or unknown to the insured pet owner.

Schedule

This is the document that lists the details of the insured pet and their cover details.

[Click here to Contents >](#)

Vet

Any veterinarian or specialist veterinarian who is registered with the South African Veterinary Council (SAVC).

Veterinary facility

An institution providing veterinary treatment that is registered with the South African Veterinary Council (SAVC). Places of recovery and/or rehabilitation are excluded.

Veterinary treatment

Any treatment done by a vet, on your pet, where the treatment is medically justifiable and due to an unforeseen accident or illness event, e.g., consultations, diagnostic testing, prescription or giving of medication, procedures, surgery or administering of anesthetics.

Waiting period

The stipulated period from your inception date during which you are not entitled to any policy benefits. Any waiting period noted may be waived if you are able to provide proof that the insured pet was covered by another valid pet insurance policy (with similar benefits), without any break in cover, prior to the inception of this policy. The previous policy must have been in force for at least the same period, or longer, than the waiting periods imposed under this policy. The waiver does not alter any other exclusions under this policy.

We, us, ours

This is your insurer (the company providing you with cover), or any service provider appointed by the insurer.

You, your, yourself

This refers to:

- The policyholder (in other words, the person to whom this policy belongs).
- The policyholder's spouse or life partner.
- Members of the policyholder's family, e.g., parents, children, grandparents, aunts, uncles, etc.

[Click here to Contents >](#)

- Anyone acting on the policyholder's behalf.
- The policyholder's employees.

What makes up your insurance policy?

These terms and conditions, the policy schedule – together with any correspondence (emails and letters) sent to you, as well as any verbal agreements made (such as recorded telephone calls), will form part of your insurance policy. Make sure that you are familiar with the contents of all the documents and that all the details noted on your policy schedule are correct.

How do we indemnify you?

If you have a valid claim, we will indemnify the pet owner for the claimed amount up to the maximum amount, as specified in the schedule, minus any excesses payable.

Policy changes and cancellation

Any change or cancellation can be made by notifying us at least one calendar month in advance of your next payment. If you cancel your policy during an insured month, the premium paid for the rest of that month will not be refunded to you. You will, however, be covered for the remainder of that month.

Cancellation requests may be sent in writing to **petcancel@firstforwomen.co.za** or you may call **0861 20 13 13**.

We may change or cancel your policy by giving you 31 days' notice. We may send the notice of cancellation by email or post to the address stated on your policy schedule.

Policy review

Your policy will be reviewed each year in the month that your policy originally started. Any changes made to your policy before the review date will also be part of that review. Annual increases are risk profile dependent.

[Click here to Contents >](#)

Payments

Your policy is a monthly policy and you must pay the premium in advance. Your debit order for the fixed premium will be deducted on the agreed date.

We reserve the right to deduct the premium on an alternative date to ensure you are covered. If your deduction date falls on a Sunday or public holiday, your premium may be deducted on an earlier date.

Payment not received

If we do not receive the monthly premium on the deduction date(s) as stated on your policy schedule, you will not have any cover for the period in which you did not pay.

From the second month of inception, should your monthly debit order be unsuccessful, we will allow a 15-day grace period for payment to be made to keep you covered.

When your cover is stopped because we did not receive your premium, we have the right to debit your account again the following month to reinstate your cover. You must make a payment for your cover to start again.

If payment is not received for two months in a row, your policy will be immediately cancelled.

Authenticated collections

We reserve the right to collect any failed or rejected premium through Authenticated Collections or by double debiting the nominated bank account. This may incur additional charges for which we are not responsible. Authenticated Collections may run at any time from the date of notification by the collection agent of the failed/returned debit order and, therefore, will not be collected on the nominated debit order date.

Premium refunds

No premium refunds will be completed unless the requirements of the administrator have been met. No refund of premiums will be authorised in the event of cancellation of the policy due to unsuccessful claims.

[Click here to Contents >](#)

Should the insured pet owner cancel the policy during the seven (7)-day cooling-off period, any premiums that have been debited will be refunded to the nominated bank account, given that no benefits have been provided.

Pet ownership

You must be the owner of each pet shown on the pet schedule. If the pet owner dies, becomes unable to care for any insured pet, or passes the ownership of any insured pet, the coverage will continue without interruption, if approved in writing by us, subject to all other terms and conditions of this policy.

Territorial limits

A pet is covered under this policy only while the pet is within the borders of South Africa.

Veterinary history

We might request a full veterinary history for a maximum of 24 months, or since your pet has been in your care. This needs to be sent to petclaims@firstforwomen.co.za once requested.

Transfer of coverage

This coverage is not transferable to other pets in the case of your pet passing away. All new pets are subject to a new application and your monthly payment may differ.

Insured pet's age

Pets must be older than eight (8) weeks and younger than nine (9) years. (except for the Emergency Plan where no age limit applies).

Plan upgrades and downgrades

A new application must be completed for an upgrade of a plan type, so that the insured pet's risk profile may be evaluated.

[Click here to Contents >](#)

The administrator reserves the right to increase the premiums accordingly.

A calendar months' notice must be given for the upgrade/downgrade of any plans. The maximum age of the insured pet cannot exceed nine (9) years (age at next birthday) for upgrades to a higher plan. Waiting periods, as per cover type, will apply for any additional cover from the effective date of the upgrade.

After a downgrade, a six (6) month period must lapse before the insured pet may upgrade again.

Pet identification

We prefer for pets to be identifiable via microchip and encourage you to microchip your pet. A microchip is injected under your pet's skin and can be read by a scanner to identify the pet. This microchip must be injected by a registered person, veterinarian or SPCA, and you must retain the evidence of such microchipping procedure.

In the event you do not wish to microchip your pet, you may email a clear photograph of your pet to **petcare@firstforwomen.co.za**. Alternatively, we will accept a registered unique identifying mark or birthmark of your pet. You will be asked to occasionally upload a photo of your pet to confirm a claim.

How to claim

Pre-authorisation prior to surgery and hospitalisation claims

It is a prerequisite to request pre-authorisation for any hospital admission for surgery or procedures prior to the event.

Pre-authorisation can be obtained by submitting a claim form and detailed quotation to **petpre-auths@firstforwomen.co.za**.

Once the authorisation has been provided, your pet may be admitted. We will settle the account directly with your vet if it has been requested.

For emergencies, you may call for pre-authorisation and submit the documentation once your pet has been stabilised.

After treatment is complete, we will require:

[Click here to Contents >](#)

- The finalised invoice.
- Proof of payment, if applicable.
- Vet history, if applicable.

- A detailed invoice.
- Proof of payment.
- Vet history, if applicable.

This can be emailed to **petclaims@firstforwomen.co.za**, or you may call **0861 20 13 13** to log your claim.

We may request medical evidence and/or other information from your vet if needed.

You must notify us of a claim within 30 days of the treatment, or 6 months in the case of dignified ending claims.

If the illness/accident event results in a consultation fee and diagnostics tests only, with no hospital admission, the event will be paid under minor care/diagnostics and scans.
