

Protect the Furry Members of the Family

Since we know that not all pets need the same cover (and you need to consider your finances too) we've designed four plans to suit their needs and your budget.

And let's not forget our Multi-Pet Discount! Save 10% when you insure 2 pets and 15% when you insure 3 or more pets (on the same plan).

Browse through our plans and then check out our awesome perks - like a Pet Taxi (your pet's personal chauffeur) and Vet@First (a 24/7 dedicated health care line, for emergency and medical advice).

Wellness (routine care)

Vet Visits

Surgery & Hospitalisation

Post Surgery Care

3rd Party Liability

Multi-Pet Discount

Dignified Ending

All the above benefits are included in your cover at no additional cost.
